

15427 SOLO RECLINER

This recliner is deluxe in every way, from the top-quality materials we use, to the attention to detail our craftsmen guarantee through every step. You can tell that a lot of thought went into its comfort ratio: the rounded arms, expertly plumped cushions, tall back and headrest, and of course a perfect recline. There's no need to mention how handsome it is; that goes without saying, especially when the fabric and wood finish are up to your creative eye.

FEATURES + CUSTOMIZATIONS

- Features a full-reclining, three-position mechanism.
- Also available as a power recliner.
- Battery pack available at an additional cost.
- Standard with semi-attached headrest.
- Custom sizing is not available for this model.
- The frame is crafted from a combination of engineered and solid wood.
- Crafted in Canada.
