GENEVIEVE CHAIR-AND-A- HALF

This contemporary beauty is a lot more than a chair; by normal standards, it's actually a chair-and-a-half! You can choose your covering from hundreds of styles and colours and select the wood stain for the legs. Seating of this magnitude has to be comfortable and inviting, so we've included a feather and fibre blend back pillow and two 18" square feather-filled throw pillows in the same fabric (throw pillows not available in leather). Your chair also comes standard with flange welt trim for strength and extra styling.
